Graphics and photo editing software These programs have the same, basic functions as Photoshop but are simpler and less feature-rich. They are designed for simpler tasks such as basic edits like resizing, cropping, and straightening images and manipulating color and contrast, but as far as combining elements, such as adding objects, they do not offer much in the way of advanced capabilities. Adobe Photoshop Elements 9, Adobe Photoshop Express, and the Adobe Photoshop Lightroom 3 all offer basic photo editing capabilities. * **Photoshop Elements 9:**

If you've just bought a printer from a shop that was moved by a major company, it may be a little tricky to find that sales receipt. But Amazon is giving people a way to find out what they've bought from Amazon, and that includes the pricey and rarely-seen printers that companies are sometimes forced to settle up with. You can find the exact same listings from a variety of sellers across Amazon's marketplace, and it'll tell you when you bought the printer, the price you paid, and why you paid that price. The company says this information is stored for around 90 days. So if you're interested in a printer that you bought for \$12.99, Amazon will let you know if someone else has picked it up for the same price. The system is hosted by Amazon for its sellers. It doesn't allow you to access price history for a specific item, but it will tell you what was purchased and sold from an Amazon seller. You can get back to it from the Amazon Marketplace website, or if you're interested in buying the same item, you can enter the merchant's name into the listing. And if you find the item cheaper on Amazon, you can use it to see if it's possible to get a better deal. The service might seem like a way to compare prices, but there is a difference between a product listing and a real buyer and seller transaction. The reason for this is that Amazon only gives you a snippet of information about the seller who sold you the item, not the seller who bought it. So it's likely that this check is best used for confirming that the same item is indeed being sold. The feature is currently in beta, so it might still be buggy or unreliable. We've asked Amazon for comment and to see if this service will work for us and other buyers, too. Amazon's web store, though, does allow buyers to do something similar. If you search for an item, you can look for price histories, which are saved for 90 days. Amazon's store doesn't allow you to search for price histories across different sellers, however. It's very useful to know if you've been tricked into buying an item from a seller who's just rounded up to the nearest dollar. But since you'll be going into an Amazon merchant's page, you can't tell if the merchant knows the item is a counterfeit or pirate. You can only get a clue if the product says the seller does

Country songs like Moore's "Shake It Off," as well as pop songs like Sir Mix-A-Lot's "Baby Got Back," are now becoming your new soundtrack to exercise and Netflix. The motivation? There's something about this musical genre that encourages a person to keep the beat while doing something as simple as walking, running, or even swimming. So if you find yourself getting lazy around the great outdoors, give these country-sounding songs a try to get your heart pumping a bit faster. Justin Moore – "Shake It Off" Justin Moore "Shake It Off" Before you decide that this country-singer isn't for you, this song will get you moving. The beat and lyrics are catchy, so make yourself a playlist before going out for a jog. You'll be glad you did. Kelsea Ballerini – "Legs" Kelsea Ballerini "Legs" She's not just any country singer. Kelsea Ballerini has the personality to match any song on country radio. The upbeat, clapping beat of this song is just the thing you need when starting your morning workout routine. Tim McGraw – "Highway" Tim McGraw "Highway" This song is about a semi-truck driver on his way to San Diego. When you're finally coming to a junction, you simply can't help but slow down for a little while. The jamming beat helps you enjoy the view for a few minutes. Brandy Clark – "Piece of My Heart" Brandy Clark "Piece of My Heart" One of Brandy Clark's best tracks, this song will make you feel like it's Christmas in August. Sure, the song is about a man cheating on his lover, but you just won't care once this song is in your ears. Eve 6 – "Just A Friend" Eve 6 "Just A Friend" This song gives the impression that the narrator is lonely. In reality, however, Eve 6's lyrics paint a more positive picture of being single. The tune will push you to reach
